

ECG DS 1010

Hand sanitizer/desinfection sprayer

Product code: 100000841830
EAN: 8592131307728

- Intelligent infrared sensor sprayer - creates an aerosol
- Automatic dosing of disinfectant
- Touchless operation
- USB-C Charging

- Intelligent infrared sensor sprayer – creates an aerosol
- Automatic dosing of disinfectant after hand detection in the space above the dispenser
- Working time: 600-800 times/ 15 sec , possible continuous working 5-6 hours
- Suitable for liquid disinfectant with alcohol potency ≧75%
- Touchless operation helps minimize the spread of germs
- Auto power off after 24 hours, manual ON/1 click, manual OFF/double click
- Charging time: 3-4 hours
- USB-C Charging (cable included)
- Bottle capacity: 45 ml
- Cord/Cordless operation
- Accessory: USB-C cable, extra 2 filters + 1 spring
- Input voltage / current: DC 5 V / 1 A
- Operating frequency: 108 ± 3 kHz
- Working current: 300 mA
- Spray volume: 45 ml / h
- Battery capacity: 1800 mA
- Detection distance: max. 12 cm
- Ultra compact size: 77 x 55 x 91 mm

Technical specifications

Power supply	Battery
Input voltage/current	DC5V1A
Working current (mA)	300
Working Power (W)	1,5
Charging time (h)	3-4
Charging	USB-C cable
Battery capacity (mAh)	1800
Desinfection (Alcohol)	Yes

Product specification

Liquid Soap	No
Foam Soap	No
LED indicator light	Yes
IR Sensor range	< 12 cm
Volume (ml)	45
Working time	600-800 times/person 15 sec. interval
Auto off	24 h

Design

Colour	White
Material	Plastic

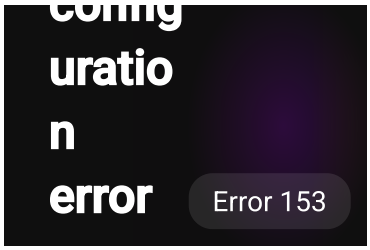
Highly effective no touch disinfectant sprayer



Keep in mind that hygiene comes first. The **ECG DS 1010** no touch hand disinfectant sprayer will help you and your children to follow basic hygiene habits. Thanks to the above-standard capacity of the 45 ml container, you can be sure that you will not have to refill the disinfectant too often and at the same time that you will manage the period of the flu epidemic much more easily.

Simply place your hand at a distance of less than 12 cm **and the infra red sensor** activates the device. Unlike other models, this one is suitable also for disinfecting with alcohol (with alcohol content ≧ 75 %).

Thoughtful, detailed design and **compact size** make the sprayer the ideal accessory for any household. In addition, no touch use prevents contamination of its surface with unwanted substances.

Long battery life per one charge

The great advantage of the ECG sprayer is the dual power supply option. In addition to power cord you can also have wireless use. Included in the package is **USB-C charging cable**, which can charge the device fully in 3-4 hours. The battery with a capacity of 1800 mAh lasts for 600-800 doses at a 15 second interval, which is approximately 5-6 hours of continuous operation.

For economical reasons, the sprayer is additionally equipped with automatic **shutoff**. It switches itself to standby mode after 24 hours of inactivity. To turn it on again, just press the button on the front.
