

ECG AP3 Pure Comfort

Air purifier

Product code: 100001210647
EAN: 8592131308299

- Purifies the air in rooms from 25 to 43 m²
- Thanks to UV light, it also removes bacteria and molds
- Ionizer to eliminate dust swirl
- Top filtration with HEPA filter H13 and active carbon
- 4 speeds, timer and night mode

- Designed for rooms from 25 to 43 m²
- Fan with 4 speeds
- Clear display with indicator of air purity, internal temperature and air humidity
- Effective UV light (253.7 nm) that gets rid of bacteria, viruses and other organic pollutants
- Integrated ionizer to eliminate dust
- Highly efficient 3-stage and 4-layer filtration (incl. HEPA filter H13 and active carbon)
- Low noise level 25–58 dB
- Timer function
- Night mode
- Automatic mode that adapts the operation of the purifier to the current air quality
- Possibility to connect to WiFi (compatible with the Smart Life application)
- Touch control
- Integrated display with clear display of air temperature and humidity
- Remote control
- Air quality sensor and LED indicator
- Display showing PM2.5 (the amount of fine particles with an aerodynamic diameter less than or equal to 2.5 micrometers)
- Filter replacement indicator
- High-quality DC motor
- Power consumption 33 W
- Can clean up to 360 m³/h (CADR value)
- Length of the power cable 1.95 m
- Weight 7.2 kg
- It is recommended to replace filters every six months or at least once a year, depending on the air quality. A set of 2 replaceable filters can be purchased separately as an accessory – ECG AP3 HEPA Comfort

Technical specification

Input	33
Voltage (V)	220
Room size (m²)	25-35m³
Effective area (m²) max	35
CADR (m³/h)	360m³/h
Power cord length (cm)	1.95
Frequency (Hz)	50
Noise level	25-60 dB (A)
Wifi connection, Smart APP control	Yes
HEPA Filter	HEPA13
Filters number	3
Filter types	4 layers (pre filter, hepa , activated carbon, photocatalyst filter)
Filter replacement reminder	Yes
Recommended HEPA filter life	6 months
Filters bacteria and viruses	0.9997
Filters out PM2.5	0.9997
Removal of 0.3 µm particles	0.9997
Air quality indicator	Yes
Air quality sensor	Yes
PM2,5 sensor	Yes
PM2,5 indicator	Yes
Humidity on display	Yes
Room temperature on display	Yes
Motor type	DC

Product specification

Remote control	Yes
Technologie AutoMode (wind speed adjust automatically based on air quality. Not auto power on funciton)	Yes
Timer	Yes
Modes	sleep/auto
Fan speed	4
Child lock	No
Aroma function	No
Ionizer	Yes
UV lamp (nm)	Yes (253.7nm)

Design

Color	White/Black
Material	Plastic
Control panel type	Touch panel

Accessories

Filters	ECG AP3 HEPA Comfort

WIDTH (MM)	410
HEIGHT (MM)	635
LENGTH (MM)	210
WEIGHT (KG)	7.0

Weight & dimensions (Brutto)

WIDTH WITH PACKAGING (MM)	490
HEIGHT WITH PACKAGING (MM)	690
DEPTH WITH PACKAGING (MM)	260
WEIGHT WITH PACKAGING (KG)	8.0

For better breathing at home

A home in which one can breathe well is the basis of every happy life. And that is exactly why the **ECG AP3 Pure Comfort** – modern air purifier is here that will ensure a clean and healthy air at home for you. It does so using a **fan with four speeds**, which together with **advanced filtration** captures even very fine dust particles. In addition, the purifier uses **UV light**, which can handle bacteria, viruses, moulds and other organic pollutants. And on top of it, the air quality is further improved by the integrated **ionizer**, which eliminates unpleasant dust swirl.

The purifier is intended for use in a room with an area of **25–43 m².**

Even tiny dust particles do not escape

The ECG purifier cleans the air in your living room or bedroom really thoroughly. It is equipped for this purpose with top **three level and four-layer filtration**, which captures even the smallest particles of dust, pollen or smoke.

The filtration of our purifier also includes **active carbon** and a highly effective **HEPA filter H13**.

It adapts to the space

Our air purifier can precisely adapt its operation to the conditions prevailing in your home. In addition to offering **4 different fan speeds** it also has an **air quality sensor** and **automatic mode**. The cooperation of these features ensures that you don't have to set anything complicated – the device in automatic mode works exactly as required by the current quality of the surrounding air.

It does not interfere with work or rest

One of the advantages of the ECG AP3 Pure Comfort air purifier is also its **quiet operation**. The noise level of this device is **between 25 and 58 dB**, so you can focus on your activities while it is in operation. You have undisturbed surrounding for work, fun with the family and thanks to special **night mode** even for sleep.

The reliable operation of the air purifier is ensured by the high-quality **DC motor** with power consumption of **33 W**.

Controls are in your hands

The operation of the air purifier is always firmly in your hands. You can use the **touch control**, the included **remote control** or a mobile phone or tablet to turn on the device and set everything you need. The device can simply be connected to wireless **Wi-Fi** network and then controlled using an application in a smart device (the purifier is compatible with the Smart Life application).

The user friendliness of the purifier is assisted by the practical **filter replacement indicator** or the built-in **display** with a clear showing of temperature and air humidity. A neat feature is also the **timer** function that allows you to adjust the air purifying time to your current needs.
