The kettle that has style

Get the **ECG RK 1767 Strix Timber** kettle and you'll get a reliable helper for everyday tea and coffee preparation, as well as a tasteful kitchen decoration. We've designed this small appliance to catch your eye at first glance – we've given it a **stainless-steel finish** and accentuated its attractive appearance **with stylish wooden elements**.

In order to be able to conveniently prepare hot drinks for the whole family in this designer kettle, we have assigned it an optimal volume of 1.7 litres.

For easy preparation of tea and coffee

In addition to design, we naturally had functionality in mind when developing the ECG kettle. The reliable functioning of this kitchen helper is thus ensured by the high-quality **central connector** in cooperation with the **360° rotating base**, which also has a practical **cable winding**. The **water level indicator** or the **operation light** guarantee its comfortable use. Maintenance of the kettle is made easy by the **hidden heating element** and the **removable**, easy-to-wash **filter against limescale residue**.

Takes care of safety

Safe operation of the ECG RK 1767 Strix Timber is guaranteed by a set of several safety features. The integrated **overheating protection** or the **safety locking of the lid in the closed position** are practical. You'll also appreciate the **heat-insulated handle**, so you won't burn yourself when making tea or coffee. And of course, there's an **automatic shut-off** function that makes the kettle even safer – the appliance switches itself off when you switch it on without water, when it reaches boiling point or when you remove it from the base.

ECG Timber Series: the range for relaxed breakfasts

The **ECG Timber Series** is a range of products that combines style with practicality. It includes small kitchen appliances that will win your heart with their **elaborate design** and **thoughtful functionality** – they will help you prepare the breakfasts you love with the whole family today and every day.

In addition to the kettle, the ECG Timber Series also includes a large and a small toaster. All these appliances have a uniform design, so they can be beautifully combined in the kitchen. They are available in two colour options – stylish **wooden elements are combined with either classic or black stainless steel**. Choose a design that suits your style and build a breakfast set at home exactly according to your taste.
