Large capacity for convenient washing of the whole family

The **ECG EWF 10140 iSteam** automatic washing machine is an excellent choice for households where laundry is done frequently and in larger quantities. Thanks to its generous **10 kg capacity**, it easily handles everyday clothes, towels, bed linen, and larger loads of laundry. The practical **front-loading design** and classic freestanding construction make it a reliable helper for bathrooms, laundry rooms, and utility rooms.

Economical operation without compromise

The washing machine belongs to **energy class A**, helping you save energy even with regular use. Thanks to intelligent adjustment of operation according to the amount of laundry, it uses water and energy more efficiently, which you will appreciate during everyday washing as well as with larger family loads. Powerful spinning at speeds of up to **1400 rpm** also helps reduce the subsequent drying time.

Steam care for fresh and delicate laundry

A major advantage of this model is its **steam function**, which helps care for fabric fibers and leaves laundry pleasantly soft and gentle. The washing machine is also suitable for households with children or more sensitive skin, as it offers programs focused on gentle care, including a **baby clothing program** and an **anti-allergy program**. The result is fresher laundry and more convenient care for everyday textiles.

Programs that adapt to your laundry

The **ECG EWF 10140 iSteam** washing machine offers a practical range of programs for everyday washing and gentle care of more delicate fabrics. It easily handles regular clothing, delicate laundry, bed textiles, and quick refreshing of smaller loads. In addition, every wash cycle can be conveniently customized using **temperature settings**, spin speed selection, or the **extra rinse** function.

Gentle Honey Comb drum and reliable operation

Your clothes are cared for by a stainless steel drum with a **Honey Comb** design, which supports gentler handling of fabrics during washing. The modern **BLDC motor** contributes to efficient and reliable operation, while the clear display, rotary selector, and **self-cleaning program** make everyday use and maintenance of the washing machine easier.
