

## **ECG KM 1412 Aromatico**

# Electric coffee grinder

Product code: 100000705385

EAN: 8592131307704

- Professional flat steel burr head to ensure precise grinding
- 18 grind settings
- 2 12 Cups Capacity
- Quick and easy cleaning and maintenance

- Professional flat steel burr head to ensure precise grinding for rich coffee aroma
- 18 grind settings from fine to coarse for delicious espresso also drip coffee
- Transparent large hopper holds up to 240 g coffee beans
- Removable transparent coffee powder container
- Amount control knob to set portions from 2 to 12 cups
- Autostop function
- Container hold up to 140 g coffee powder (12 cups)
- Power cable storage space
- Stable work position thanks Anti-slip feet
- Quick and easy cleaning and maintenance thanks to detachable parts

- Partial stainless steel design
- 200 W powerful motor
- Coffee bean hopper capacity: max. 240 g
- Ground coffee container capacity: max. 140 g
- Nominal voltage: 220-240 V~ 50/60 Hz
- Power input: 200 W

#### Freshly ground coffee every morning

Do you love the smell of freshly ground coffee and can't imagine starting a new day without your favorite beverage? Coffee clearly belongs to every morning. The **ECG KM 1412 Aromatico** coffee grinder will help you with perfect grinding. It is equipped with special grinding stones that preserve the rich aroma of coffee. A powerful 200W motor also contributes significantly to great results.

You can prepare tailor-made coffee thanks to the rotary knob at the top of the grinder. You can easily set the **coarseness of the grind up to 18 levels**. All depends on your preferences.

#### Above standard capacity

Despite its relatively compact dimensions (height only 26.5 cm), the ECG grinder is equipped with a sufficiently large and transparent coffee bean hopper. **Removable hopper** holds up to 240 g of coffee beans.

### Quick and easy cleaning

The ECG KM 1412 Aromatico coffee grinder is very **easy to clean** in difference to other models. Therefore its maintenance is not only simple, but quick as well.

The grinder is equipped with the **automatic shutoff** function for safety reasons. Perfect stability during operation is ensured by a solid and durable construction and practical anti-slip feet.

The well thought out black stainless steel design is perfect for any modern household. The grinder includes a special space for storing the power cable. So it won't get in the way when idle.
