WEIGHT WITH PACKAGING (KG)	7.7

Vacuum cleaner for easy cleaning

The **ECG VP S3010** floor vacuum cleaner is an excellent helper for everyday house cleaning. In addition, its handling is made as easy as possible by the plastic rubber wheels and its low weight. Sufficient freedom of movement during vacuuming is provided by a 5m power cable. The resulting action radius of the vacuum cleaner is a good 7.5 m, so you don't have to stay close to the outlet. You can easily clean a larger room with the vacuum cleaner.

Get rid of all the dirt

The above-standard suction power of the vacuum cleaner reaches up to 180 W and thus gets rid of all dirt, including hair from your pets. In combination with the supplied accessories like the **mini PET turbo brush** designed for pet hair, the house cleaning will be very effective. Naturally, there is the option of power regulation, which you can set according to your need, the vacuumed surface or the amount of dirt. A high-quality HEPA filter of class 11 will effectively take care of the dirt that comes out of the vacuum cleaner during vacuuming.

You can easily rewind the power cable after you finish cleaning thanks to the automatic **rewind system**. You can use one of the two parking positions when storing the vacuum cleaner.

Accessories for any occasion

The vacuum cleaner includes a **washable cloth bag** of 3 l capacity. That means that you do not have to empty or replace the bag after each vacuuming, it will last you quite a long time. You can safely forget regular checking, because the vacuum cleaner is equipped with a bag full indicator. Compatible bags for this model are Koma ECG VP 3163S and SWIRL Y12.

In addition to the ECG VP S3010 vacuum cleaner itself and the **telescopic tube** adjustable to 54–92 cm you can find included other practical accessories. There is also a floor nozzle with a pull-out brush, **hardwood floor nozzle** with plastic brush insert(PP) or 2v1 combined tapered nozzle and a dust brush. Pet owners will certainly welcome the mini PET turbo brush.
