

ECG RK 1781 Glass Electric kettle

Product code: 100001129819

EAN: 859213130807

- Elegant stainless steel design in combination with tempered glass
- Variable temperature setting 40–100 °C
- Water temperature maintenance function
- Volume 1.7 l

- Elegant stainless steel design in combination with tempered glass – tempered glass in combination with SUS 304 stainless steel
- Variable temperature settings (40-60-70-80-100 °C)
- 5 temperature setting modes for different kinds of tea, other hot beverages or baby food
- Water temperature maintenance function

- Volume 1,7 l
- Base with control panel
- STRIX brand central connector with lifetime function
- Hidden heating element
- Automatic shut-off mode: When turned on without water / when the boiling point is reached / when the kettle is removed from the base

- Light signaling, audible alert
- Removable and washable anti-scaling filter
- 360° swivel base with cable winding
- Safe and easy opening using a button
- Nominal voltage: 220–240 V~ 50/60 Hz
- Nominal power: 1850–2200 W

Technical specification

Input power (W)	1850-2200
Voltage/Frequency (V/Hz)	220-240 ~ 50/60
Power supply	Cord
Power cord length (cm)	70
Fuse	Yes

Product specification

Hidden heating element	Yes
Volume (l)	1.7
Water temperature setting	Yes

Water level indicator	Yes
Automatic switch off	Yes
Power light indicator	Yes
Sound indicator	Yes
Safety fuse	Yes
Rotary base for cord rewind	Yes
Non-slip feats	Yes
Ergonomic handle	Yes

Design

Colour	Glass
Material	Glass

WEIGHT WITH PACKAGING (KG)	1.5

Large capacity and efficient kettle

Do you make herbal teas, do you have a baby at home, or do you just want a quality product that will last you for a long time? In that case, reach for the **ECG RK 1781 Glass** kettle, which will captivate you at first glance with its glass design.

The kettle has a respectable **volume of 1.7 l** and you can make with coffee or tea for a large number of visitors. In addition, thanks to the above-standard power input, which ranges from 1850 to 2200 W, the water will boil in a moment.

Adjustable temperature

The biggest advantage of the ECG kettle is the **adjustable temperature** to 40, 60, 70, 80 a 100 °C. Mothers with small children will definitely appreciate it. ECG RK 1781 Glass is also an irreplaceable helper for tea lovers. Making tea is a real alchemy and each kind requires a different temperature of water to prepare properly. Black and fruit tea is made with boiling water, but for green and white tea is ideal hot water with a maximum temperature of 80 °C.

Clear control panel

The dominant feature of the base is the clear, blue **backlit control panel**. Use the plus and minus buttons to select easily the desired temperature. The current temperature settings are indicated by the corresponding indicators. There are also buttons for switching on the kettle or for activating the temperature maintenance function.

Easy maintenance

Maintenance is facilitated by a removable and washable limescale filter. Thanks to the **hidden heating element** it will be easier for you to clean the inside of the kettle. The combination of solid tempered glass with high-quality stainless steel fits perfectly into any modern kitchen and, thanks to the materials used, excels in longevity. In addition, you still can see of the water level inside.

The RK 1781 Glass is equipped with protection against overheating when switched on without water for safety reasons. The high quality **STRIX central connector** with lifetime functionality should certainly convince you of the quality and safety design of the kettle.
