Stick vacuum cleaner 2in1

A powerful vacuum cleaner will help you with household cleaning, which will remove all dirt. Reach for the **ECG VT 7220 2in1 Simply Clean** stick vacuum cleaner and cleaning will be a breeze.

Thanks to the **2in1 design** you will gain also a practical hand-held vacuum cleaner besides the classic stick one. You can use it, for example, for upholstered furniture or for vacuuming the interior of your car. It also handles crumbs in the kitchen or collects e.g. breadcrumbs that you accidentally spilled.

It lasts a really long time on one charge

The ECG vacuum cleaner is **bagless**, so you do not have to waste time looking for bags. It has a dust container with a volume of 0.6 l. It is easy to remove after it is filled and pour it into the waste bin.

Two vacuuming speeds can be used as needed. With a setting level on fast, you can vacuum for up to 25 minutes at a time. If you set a slower level, the vacuum cleaner will last up to 50 minutes. It is then fully charged in 4.5 hours.

It's easy to fold and store

The wheels with a rubber surface and a weight of only 2.6 kg make handling the vacuum cleaner easier. You don't have to deal with storage space. Often, the parking position will definitely come in handy. In addition, you can fold the ECG VT 7220 2in1 Simply Clean vacuum cleaner, so that it takes up very little space.

The package also includes practical accessories. It is a turbo brush with practical LED lighting, a dust brush and a tapered nozzle.

In our offer you can also find a washable filter **ECG VT 7220** designed just for this model.
