Treat yourself to a comfortable temperature

Treat yourself to a comfortable temperature in the living room or office with a free-standing direct heater **ECG TK 2080 DR Black**. The continuously adjustable thermostat ensures a temperature from 5 °C to 37 °C.

You will take advantage of the **tempering** program in the winter, which will ensure that you will not return to a frozen room and then use more energy for heating. Use the **TURBO** mode to heat the space you need quickly.

Clear controls

For example, your can set the power level or the TURBO mode on the large control panel with **LCD display**. More comfortable control provides the **remote control**
Safety when operating the heater is ensured by a safety overheating fuse. The surface of the device is smooth, so it is easy to keep clean with a damp cloth. Be sure to turn off the power during maintenance.

Smart accessories

For comfortable handling, there are practical handles on the sides for carrying the ECG TK 2080 DR White. The large legs on which the direct heater stands provide the necessary stability. You don't have to worry about it tipping over.

The Timer, which can be set for up to 24 hours. You decide when the device switches off.
