Treat yourself to a comfortable temperature

Treat yourself to a comfortable temperature in the living room or office with a free-standing direct heater **ECG TK 2080 DR Black**. The continuously adjustable thermostat ensures a temperature from 5 °C to 37 °C.

You will take advantage of the **tempering** program in the winter, which will ensure that you will not return to a frozen room and then use more energy for heating. Use the **TURBO** mode to heat the space you need quickly.

For example, you can set the power level or the TURBO mode on the large control panel with **LCD display**. More comfortable control provides the **remote control**

Safety when operating the heater is ensured by a safety overheating fuse. The surface of the device is smooth, so it is easy to keep clean with a damp cloth. Be sure to turn off the power during maintenance.

Smart accessories

For comfortable handling, there are practical handles on the sides for carrying the **ECG TK 2080 DR Black**. The large legs on which the direct heater stands provide the necessary stability. You don't have to worry about it tipping over.

The **Timer**, which can be set for up to 24 hours. You decide when the device switches off.
