ECG ERS 21781 NIXE

Side by side refrigerator

Product code: 100000840942
EAN: 8592131239562

- Extra large compartments for fruit and vegetables
- XXL rotating ice maker
- Energy class: E
- INOX design with aluminum handles
- Inverter motor with 10-year warranty

- Energy class: E
- Total volume 532 l (335 l / 197 l) 181 l**** + 16 l***)
- Freezing power: 14 kg / 24h
- Inverter motor
- Climate class: SN/N/ST/T
- Minimum recommended ambient temperature: +10°C
- Maximum recommended ambient temperature: +43 °C
- Energy consumption: 320 kWh/year
- Noise: 41 dB, class C
- Recommended set temperature inside the refrigerator: 4 °C
- Recommended set temperature inside the freezer: -18 °C
- LED lighting, class G
- * Multi Air Flow 360 °
- Total No Frost
- Super Cooling & Super Freezing
- ECO mode, door alarm
- Automatic refrigerator defrost
- Automatic freezer defrost
- Temperature rise time: 7 hr
- 4 shelves made of safety tempered glass in the cooling section
- 3 shelves made of safety tempered glass in the freezer compartment
- 2 extra large drawers for vegetables and fruit in the refrigerator
- 2 drawers in the freezer compartment
- 5 + 5 door height-adjustable compartments
- XXL rotating ice maker
- Aluminium handles
- Stainless steel design
- Fingerprint protection
- Sensitive control on the door
- Electronic temperature setting
- Holiday mode
- Door alarm
- Adjustable height
- Product size (h × w × d): 176,5 × 89,7 × 76,1 cm

***Multi Air Flow 360°**

The Multi Air Flow function guarantees an even flow of cold air throughout the space, thanks to which the food stored inside stays fresh for longer time. Conventional static cooling does not guarantee a constant internal temperature, which is one of the aspects that reduces the shelf life of stored food.

Product specifications

Categories	Side by side
Type	Free-standing
Cooling system	No Frost
Total volume (l)	532
Net volume of the refrigerator (l)	335
Net volume of the freezer (l)	197
Noise (dB)	41
Noise class	C
Energy consumption (kWh/year)	320
Energy class	E
EEI	100
Freezing capacity (kg/24 h)	14
Climate class	SN/N/ST/T
Number of compressors	1
Reverse door opening	No
Zero clearance hinges	Yes
Cooling compartment temperature setting	Electronic
Recommended temperature inside the refrigerator (°C)	4
Freezer temperature setting	Yes
Fast freezing option	No
Recommended temperature inside the freezer (°C)	-18

Design

Number of shelves in the cooling compartment	4
Type of shelves in the cooling compartment	Glass
Number of shelves in the freezer compartment	3
Type of shelves in the freezer compartment	Glass
Number of drawers in the freezer compartment	2
Number of additional baskets in the freezer compartment	-
Fruit and vegetable drawer	2
Number of door compartments	5+5
Refrigerator defrosting	Automatic
Freezer defrosting	Automatic
Feet height adjustment / stability compensation	Yes
Vacation mode	Yes
Fast cooling	Yes
Fast freezing	Yes
Winter switch	No
Lighting	LED
Handle type	-
Temperature rise time (h)	7
Colour design	Stainless steel
Ice cube tray	Yes
Wine holder	No
Egg rack	Yes

Alarm	-

America for every family

Treat yourself to the luxury of an American refrigerator. We present to you the American refrigerator **ECG ERS 21781 NIXE**. This model makes previously unaffordable appliances a matter for every family, so why not treat yourself to it? In every large household, this refrigerator will become an invaluable helper.

Superior capacity (532 liters) ensures, together with the technologies and functions used, perfect comfort for stored food. All this is perfectly complemented by **low consumption** and noise.

Modern and intuitive controls

At first glance, you will be impressed by the modern stainless steel design of the refrigerator. The special surface treatment **prevents fingerprints**. Even families with children will always have the appliance as it was out of the box.

The left door is dominated by a clear **touch control panel with display**, thanks to which you always have an overview of the current temperature setting or pre-selected functions.

Interior thought out to the last detail

The right part is dedicated to the refrigerator compartment, which has **an above-standard usable volume of 335 liters**. The interior is divided by 4 shelves made of tempered safety glass. In addition to them, you will certainly also use 2 large drawers for fruit and vegetables.

The door space is also fully utilized. Here you will find another **5 compartments**, suitable for large bottles or cans or milk cartons, for example.

Truly invaluable features

A nice bonus is the **automatic defrosting** function of the refrigerator section. Another extra is the **Super cooling** function (fast cooling). Activate the function after placing a large purchase and the newly stored food will cool to the desired temperature incomparably faster than in normal mode.

You will have a perfect overview of the contents of the refrigerator section thanks to the energy-efficient **LED lighting**.

The **Multi Air Flow cooling** ensures even air distribution. And the absence of frost is ensured by the **NoFrost** technology.

XXL ice maker

The entire left part is dedicated to the freezer with a respectable **capacity of 197 liters**. The freezer section also hides a number of useful things. It is practically divided by 3 shelves made of tempered safety glass and 2 drawers made of transparent plastic. Here too, you can use the door space for storage, in which you will find 5 compartments. The freezer is **really powerful**, it can freeze 14 kg of food in 24 hours.

A real bonus of the freezer is the **XXL rotating ice maker**. This way, you will always have an ice cube for your favorite drink on hand. Are you planning a party? You don't need to buy ice anymore, you have enough homemade ice.

Quiet and economical

The modern inverter compressor contributes to significantly low consumption and noise. The ECG ERS 21781 NIXE American refrigerator is **financially undemanding** and is classified in energy class E. The energy undemanding is perfectly complemented by the **quiet operation of the refrigerator**, which does not exceed 41 dB.

The ECG American refrigerator is also **temperature-resistant**, as it falls into the SN-T climate classes. This means that it will function optimally at ambient temperatures ranging from 10 to 43 °C.
