Easily Prepare Tea and Coffee

The **ECG RK 1759 Classica** is a charming, compact electric kettle that will make your daily tea and coffee a breeze to prepare. Its usable volume of **1.7 litres** (57 fl oz) is enough for the whole family's morning drinks. For fuss-free maintenance, the **heating element is concealed** in the bottom. A **removable, washable filter** keeps limescale at bay.

Other features include a **two-sided water gauge, power indicator light**, and a **quick-open button**.

Quality Build, Safe Use

The ECG RK 1759 Classica boasts high build quality, ensuring reliable, comfortable, and safe use. The finish is **high-grade food-safe plastic** and the power connector is the omnidirectional **central spindle** design, allowing **360-degree rotation** of the base, which has an **integrated spool** for the power cord.

To prevent scalding, the **handle is thermally insulated** and the lid has a **safety catch** to keep it from popping open. Safety is further enhanced by the integrated **overheat protection** and the **automatic shutdown** feature (when run dry / boil reached / removed from base).
