Vacuums and Wipes

Looking to make housecleaning chores easier? We've got the solution: It's called the **ECG VT 4620 3in1 HUGO**, a three-in-one **stick vacuum cleaner**. More than just a stick vacuum, it can be easily converted into a compact **handheld vacuum**, and also comes with a **mop attachment**. It vacuums floors, removes crumbs from tables and countertops, cleans car interiors, and wipes floors.

The removable mop attachment comes equipped with an integrated 200 ml (7 fl oz) water tank and a removable rag.

Convenient Cordless Cleaning

This vacuum cleaner is powered by a high-capacity **Li-Ion battery**, saving you the fuss of tripping over power cords and hunting for sockets in range. A full charge lasts for up to **90 minutes** of operation.

A full recharge cycle takes about 4–4.5 hours.

High-Efficiency Bagless Filter

The ECG VT 4620 3in1 HUGO stick vacuum uses a high-efficiency **cyclonic filter** system, complemented by a washable nonwoven textile filter and a foam intake air filter. This is a **bagless** design with a **removable dustbin** that you simply empty when required.

Cyclonic filtering uses the vacuum's air current to circulate collected dust and dirt, separating larger pieces from fine dust like a centrifuge. This obviates the need for a bag, and large objects such as earrings or Lego bricks are guaranteed to end up in the bin, instead of potentially damaging the filter or motor.

Made for Cleaning

ECG stick vacuums are engineered to please, with every component designed to make your chores easier and more effective. At the heart of the appliance is a **high-power two-speed motor** developing up to 100 W of power. The **motorized rotary brush** further improves cleaning performance. Rounding out the set are practical features for ease of use, such as **LED illumination** of the work area, **quality rubberized castors**, and a **folding handle**. **Overheat protection** ensures safe operation.

A variety of **accessories** are included: a 2in1 brush head, the motorized brush, a spare intake air filter, a charger, and the mop attachment and rag.
