

ECG EFP 12490 WE

Chest freezer

Product code: 100001916721

EAN: 8592131240018

- Lots of storage space thanks to a volume of 249 litres
- Possibility of cooling and freezing
- D+ QUICK-FREEZING system for quick and efficient freezing
- Aluminum interior with two storage baskets
- Clear control panel with LED display
- Practical fast freezing function

- Large volume 249 l
- High freezing efficiency thanks to the D+ QUICK-FREEZING system (due to the use of a special type of cooling pipes, faster and more efficient heat exchange occurs)
- Freezing capacity 11.5 kg / 24 h
- Temperature range for freezing function -12 to -30°C, cooling 1 – 10°C
- Recommended set temperature inside the freezer -18 °C
- Practical high temperature alarm that lights up when the temperature inside the freezer is too high

- Quick freeze function
- Clear control panel with LED display
- Button lock against unwanted manipulation
- Climate class ST/N/SN/T
- Minimum recommended ambient temperature +10 °C
- Maximum recommended ambient temperature +43 °C
- Acceptable noise level 41 dB
- Aluminum interior with two storage baskets

- Temperature rise time 28 h
- Choice of units (°C/°F)
- Classic manual defrost
- Rolling wheels for easy handling
- Balanced suspension of the lid with special hinges for easy opening (at angles from 45° to 75° the lid remains open by itself)
- Damped closing of the lid (closing slows down at an angle of 20°)
- Energy class E
- Energy consumption 216 kWh/year

Product specifications

Categories	Chest freezer
Type	Free-standing
Cooling system	Statika
Total volume (l)	249
Net volume of the refrigerator (l)	-
Net volume of the freezer (l)	249
Noise (dB)	41
Noise class	C
Energy consumption (kWh/year)	216
Energy class	E
EEl	100
Freezing capacity (kg/24 h)	11.5
Climate class	ST/N/SN/T
Number of compressors	1
Reverse door opening	No
Zero clearance hinges	-
Cooling compartment temperature setting	-
Recommended temperature inside the refrigerator (°C)	-
Freezer temperature setting	Electronic
Fast freezing option	Yes
Recommended temperature inside the freezer (°C)	-18

Design

Number of shelves in the cooling compartment	-
Type of shelves in the cooling compartment	-
Number of shelves in the freezer compartment	-
Type of shelves in the freezer compartment	-
Number of drawers in the freezer compartment	-
Number of additional baskets in the freezer compartment	2
Fruit and vegetable drawer	-
Drawer for meat products	-
Number of door compartments	-
Refrigerator defrosting	-
Freezer defrosting	Manual
Feet height adjustment / stability compensation	Yes
Vacation mode	No
Fast cooling	No
Fast freezing	Yes
Winter switch	No
Handle type	Recessed
Temperature rise time (h)	28
Colour design	White
Ice cube tray	No
Wine holder	No
Egg rack	No

Ice scraper	Yes
Alarm	Yes

Weight & dimensions

WIDTH (MM)	985
HEIGHT (MM)	850
LENGTH (MM)	600
WEIGHT (KG)	32

Weight & dimensions (Brutto)

WIDTH WITH PACKAGING (MM)	1 025
HEIGHT WITH PACKAGING (MM)	885
DEPTH WITH PACKAGING (MM)	625
WEIGHT WITH PACKAGING (KG)	37

More space for frozen food

Do you like to stock up on food? Then the **ECG EFP 12490 WE** counter freezer is for you. There's plenty of room for a variety of dishes, from meat through fruit and vegetables to ice cream, chips and frozen pizza. The appliance offers a total capacity of **249 litres** and its **aluminium interior** is divided into two **baskets** for better orientation in the stored food. Thanks to the **D+ QUICK-FREEZING** system, it works very reliably as it uses a special type of cooling tubes that ensure faster and more efficient heat exchange.

What's more, you'll appreciate the **high freezing capacity** – the appliance can freeze up to 11.5 kg of food in 24 hours. The **quick freeze function** is also practical, so that newly stored food can be cooled down without unnecessary delay. And, of course, you can set the optimum temperature of the interior of the freezer (you can choose a value between -30 to -10 °C), with a recommended setting of **-18 °C**.

Practical improvements

Our counter freezer will also win your sympathy with a few little things that make it much easier to use. What is worth mentioning is the **high temperature alarm** which alerts you if the temperature inside the appliance is too high. Easy operation is ensured by a **clear control panel with LED display**. Unwanted manipulation of the freezer is prevented by a practical **button lock**.

The **balanced suspension of the lid with special hinges** ensures easy opening of the freezer and smooth handling of stored food. In angles from 45° to 75°, the lid stays open by itself and the **damped closing** is also practical (closing slows down at an angle of 20°).

Different placement options

The ECG EFP 12490 WE counter freezer falls into the **ST/N/SN/T** climate class and can therefore be used in the kitchen, as well as in less heated rooms. Its ambient temperature can vary between **10 and 43 °C**. In operation, the appliance reaches a maximum volume of **41 dB**, so it does not disturb you in any significant way. Easy handling of the freezer is made possible by **the integrated rolling castors**.

When it comes to energy consumption, our counter freezer belongs to **energy class E**. Its annual energy consumption is around **216 kWh**.
