Keep your music close at hand

ECG B.TONE 7100 BIGFOOT is a portable speaker that lets you play your favorite music almost anywhere, in **brilliant sound quality**. You can **stream** audio content to it wirelessly from your smartphone, without having to plug it into a power outlet. The device runs on a 6000mAh battery, which provides up to **10 hours** of playback on a single charge. The speaker's wide usability is also underlined by its **water resistance**, guaranteed by IPX6 certification. The speaker is charged via a modern, double-sided **USB-C** interface. The time required for a full charge is approximately 4.5 hours.

Sound that will amaze you

Whether you listen to rock, electronic dance music or R&B, you can always count on excellent sound quality. The ECG B.TONE 7100 BIGFOOT has **2 integrated stereo speakers** (2× 15 W) and a subwoofer (30 W). Its total power is a respectable **60 W**, which means only one thing for you - powerful sound with rich bass that will amaze you. The device supports **SBC** and **AAC** codecs and also offers a **three-mode equalizer** or the **TWS** (True Wireless Stereo) function, which allows you to connect two speakers for twice as powerful sound.

It can also handle music from other sources.

You can not only stream the music you love to this portable speaker wirelessly from your mobile phone. There is also a **USB** interface available here, which allows you to play audio tracks from a flash drive. You can use USB flash drives with a capacity of up to 32 GB and files in MP3, WAV, APE, WMA and FLAC formats. The speaker also offers an **AUX** interface, so you can easily connect it to a variety of other audio sources using a cable (e.g. a mobile phone, computer, PSP, MP3/MP4 player, etc.).

Charge your phone from the speaker

Especially in the field, you will appreciate the practical **power bank** function of this wireless speaker. Just use the integrated **USB** port and you can easily charge your mobile phone or other electronics from the speaker's battery.

Microphone for karaoke and moderation

The advantages of the ECG B.TONE 7100 BIGFOOT wireless speaker include the possibility of connecting a **microphone**, which is also included in the package. You can use the device not only to listen to music, but also to organize an unforgettable **karaoke** party or to effectively **moderate** smaller social events. If you want to show off your singing talent with your friends, you will certainly appreciate the fact that you can connect **two microphones at once** to this speaker (using **two 6.3mm jack connectors**).

Stylish design and easy operation

You will also love the ECG B.TONE 7100 BIGFOOT speaker for its design. You will appreciate its **elegant shapes**, practical **handle** for carrying and last but not least, stylish **LED light effects**, which are located on the sides of the device. You can operate the device with ease thanks to **simple controls** and **voice guide**, which informs you about everything important.
