Have fun with multimedia even without a large smartphone

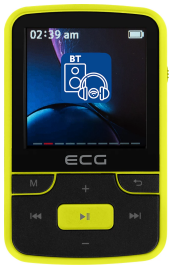

You don't want to carry a bulky smartphone with you all the time, but at the same time you like to listen to music, watch a video or read an e-book on the go, during sports or even while lounging in the garden? In that case, the multifunctional MP3 player **ECG B.TONE 5710 BT Lime** is the ideal solution for you. Thanks to **its light construction** (weight only 30 g) and practical design with **a clip for attaching to clothes,** it can ensure maximum comfort and the freedom of movement. Thanks to this, you can always have music, videos, pictures and e-books close at hand - whether you're running, traveling or just relaxing. You can customize the player interface to your style through **optional wallpapers** .

Lots of storage space and versatile use

This player can not only play music, but also display videos, images and e-books. At the same time**, the internal memory with a capacity of 32 GB** can hold hundreds of songs, and if necessary, you can expand the storage space even more - the device is compatible with **microSD memory** cards (up to 128 GB). The device **supports a wide range of formats**, including MP3, FLAC, OGG, AAC-LC, JPG or TXT, and also allows you to adjust the sound using **a manual equalizer**.

Rich functionality

The MP3 player ECG B.TONE 5710 BT Lime is also equipped with a number of above-standard functions that significantly expand its usability. There is also a digital **FM** tuner with memory for the 30 most frequently listened to radio stations. You can also use **a stopwatch**, **calendar,** or **shutdown timer**. And a great gadget is **the integrated microphone**, thanks to which the player can also serve as a dictaphone (for recording your own audio notes). Easy operation of the device is ensured by simple **button control** in cooperation with a clear **1.54" color display. A practical button lock** ensures that you do not accidentally press the buttons in your pocket.

Gets along with both classic and wireless headphones

You can connect classic wired headphones (via a 3.5 mm jack connector) to this MP3 player, but you also have **a BT 5.2 wireless connection** available here - you can also use a fast and stable connection with wireless headphones or a portable speaker. The package also includes **headphones with three sizes of earplugs**, so you can enjoy listening immediately after unpacking the device from the box.

Style, durability and durability

The stylish black-lime design of this MP3 player is complemented by a protective **silicone case** that protects the device from damage. **The rechargeable lithium-polymer battery** with a capacity of 300 mAh guarantees a long life. And as for charging, together with data transfer, it is implemented via a modern two-sided **USB-C interface** (the necessary cable is part of the basic package). Whether you are looking for a simple way to always have your favorite music with you, or you are attracted by the possibility to easily work with multimedia without having to use a mobile phone, the ECG B.TONE 5710 BT Lime will surely become your indispensable partner.
