2 in 1: dries and shapes your hair

Invite the **ECG Modifica Hairbrush Moonstone** hot air curler into your life and take care of your appearance to a new level. This practical helper combines the benefits of a blow dryer and a styling brush. With it, you not only **dry** your hair quickly, but also give it the desired **shape, volume and shine**. Thanks to **two temperature modes** and **two air flow speeds**, you can easily adapt the styling to your hair type.

Professional styling with maximum care

In addition to the body of the curling iron itself, the package also includes **two replaceable ceramic rotary brushes with round bristles** (diameters **45 mm** and **38 mm**), which allow you to create different hairstyles exactly according to your imagination. The brushes can be **turned to the right and to the left**, which makes it easier to handle and allows the hair to be shaped naturally on both sides of the head. The **Powerful motor** with an input of **1200 W** then guarantees quick heating and effective styling of the hairstyle into a perfect shape.

Healthy, smooth and shiny hair thanks to triple ionization

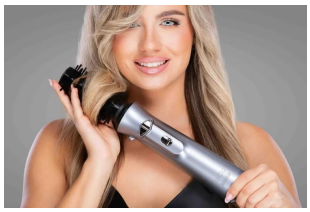

The ECG Modifica Hairbrush Moonstone hot air brush uses a unique **triple ionization technology**, which includes a **ceramic surface**, **argan oil with keratin** and **tourmaline impregnation**. This combination protects your hair from drying out, eliminates static electricity and ensures a smooth, shiny and easy-to-comb result. Your hair will not only be beautiful, but also healthier and more hydrated.

Hair fixation and easy and safe use

Are you longing for a perfect hairstyle that would last you all day? Then you will certainly be pleased with the **cold air function**, which enables perfect **fixation of the hairstyle** (helps to preserve its shape and volume). The **controls** of this curling iron are **very intuitive**, allowing easy switching between individual modes and functions. **Safety protection against overheating** ensures carefree use during everyday styling.

When hair care is the most convenient

The ECG Modifica Hairbrush Moonstone has a **rotating 175 cm long power cable** which is resistant to tangling and ensures great freedom of movement when styling your hair. Thanks to the **ergonomic design**, the handling of the curling iron is comfortable at all times - even during prolonged use. And last but not least, you will be pleased with the **quick heating**, thanks to which you never have to wait unnecessarily long for advanced styling. In short, ECG Modifica Hairbrush Moonstone is the ideal choice for anyone who wants to have beautiful and healthy hair every day - quickly, easily and with professional results.
