### More space for frozen food

Do you like to stockpile large amounts of food? In that case, the counter freezer **ECG EFP 11982 WE** is just for you. It will provide you with plenty of space for various dishes, from meat to fruit and vegetables to ice cream, fries or frozen pizza. The appliance offers a total volume of **198 liters** and its **aluminum interior space** is divided for better orientation in the stored food and one spacious **inner basket** is available. Thanks to the **D+ QUICK-FREEZING** system, it works very reliably, as it uses a special type of cooling pipes that ensure faster and more efficient heat exchange.

In addition, you will certainly appreciate the **high freezing performance** of the freezer - in 24 hours, the appliance can freeze up to 9 kg of food. And of course, there is also the option of setting the optimal temperature of the freezer's interior (with a choice between -30 and -10 °C), while the recommended set temperature is **-18 °C**.

### Practical gadgets

Our counter freezer will also win your sympathy with a few little things that make it much easier to use. **Balanced suspension of the lid with special hinges** ensures easy opening of the freezer and trouble-free handling of stored food. At angles from 45° to 75°, the lid remains open by itself and it also has a practical **soft closing** (closing slows down at an angle of 20°).

### Various placement options

The counter freezer ECG EFP 11982 WE belongs to climate class **SN/N/ST**, so it can be used not only in the kitchen, but also in less heated rooms. The temperature of its surroundings can range **between 10 and 43 °C**. During operation, the appliance reaches a maximum volume of **37 dB**, so it does not disturb you in any way. **Integrated wheels** enable easy handling of the freezer.

In terms of consumption, our counter freezer belongs to **energy class E**. Its annual consumption is around **200kWh**.
