

# ECG AF 4020 Compact Fry

## Hot air fryer

Product code: 100002129689

EAN: 8592131000643

- Healthier frying with hot air
- Preset programs for a number of popular dishes
- Digital control with display for easy operation
- Practical delayed start function
- Large capacity of 3.8 liters

- Frying using hot air – with a minimum amount of oil, or even without it at all
- The possibility of preparing fried, baked and baked foods (a great choice for preparing fries, chicken drumsticks, shrimp, steaks, roasted vegetables, but also muffins or cakes)
  - Preset programs for even easier preparation of a wide range of dishes (thin frozen fries, shrimp, fresh fish, beef steaks, chicken drumsticks, muffins/cakes, baked vegetables, frozen pastries)
- Special defrost function
- A large capacity of 3.8 l, thanks to which you can prepare food for the whole family in this fryer
- Removable container
- Non-stick surface, which prevents unwanted sticking of food and significantly facilitates maintenance
- Fast and efficient frying thanks to 3D hot air circulation and 1300 W power

- Possibility of continuously adjusting the temperature in a wide range of 80-200 °C
  - The timer, thanks to which the device turns off automatically after the set time (1-60 min)
  - A transparent opening that allows you to check the food being prepared during the preparation process (without the need to open it)
- Sound and light signaling for maximum safety and user comfort
- Ability to pause and restart a running program
- Practical delayed start function, thanks to which the food can be prepared at the precisely planned time (the fryer can be turned on by 1-24 hours)
  - Digital control with display for easy selection of optimal temperature and preparation time, activation of preset program and making other settings

- Temperature-insulated handle that won't burn you
- Anti-slip mats that keep the fryer firmly in place
- Automatic shutdown after frying
- Automatic shutdown when the container is removed during operation
- Safety mechanism that prevents the fryer from starting without a correctly inserted container
- Modern design with black-silver finish
- Compact design with dimensions of 32.8 x 31.7 x 25 cm
- Weight 3.5 kg
- Connection to a classic socket (voltage 220-240 V; 50/60 Hz)
- Length of the supply cable 75 cm

## Technical specifications

Input power (W)	1300

## Healthier frying without unnecessary fat

Do you love fries, chicken nuggets or other fried foods, but are you scared of how much fat these treats contain? Then you are at the right address. With the **ECG AF 4020 Compact Fry** hot air fryer, you can treat yourself to a whole range of popular fried, baked or baked dishes in a significantly healthier way. This is thanks to the modern technology of **3D hot air circulation**, which enables preparation with a minimal amount of oil, or even without it at all. You will certainly also appreciate the **preset programs**, which make preparing your beloved snacks even easier.

## He prepares food for the whole family

Since the capacity of this hot air fryer is **3.8 liters**, you can easily prepare enough food for the whole family in it. However, no matter how large a group of people you are cooking, you will certainly welcome a **non-stick surface**, thanks to which food will not stick to you and maintenance will be a breeze.

## Easy to use and lots of features

This hot air fryer is controlled using a modern **digital panel with a clear display**. Through it, you can easily choose one of the **preset programs**, but in addition to this, the possibility of **manual setting of time (1-60 min) and temperature (80-200 °C)** is a matter of course. Last but not least, the **delayed start**, which can be set in the range of **1-24 hours**, is a practical function. You are informed about the progress of the preparation by **light and sound signaling**, which indicates operation, temperature and the end of frying. If something interrupts you while cooking, the running program can also be **paused and restarted**. And so that you can keep a perfect eye on the food even during preparation, the fryer has a **transparent opening** through which you can easily see inside.

## Fries, shrimp, muffins and food from the freezer

With the ECG AF 4020 Compact Fry hot air fryer, even less experienced cooks can cook selected delicacies, while the result will always be famous. This is thanks to the **preset programs**, which allow you to prepare your favorite dishes without time-consuming setting of parameters. On the clear control panel, you will find special options for preparing **fries, shrimp, fresh fish, beef steaks, chicken drumsticks, muffins/cakes, roasted vegetables and frozen pastries**. A bonus is the **special function for defrosting**. Each pre-set program **automatically sets the ideal temperature and cooking time**, so you don't have to think hard about which setting will be the best for the given dish. Thanks to the pre-set programs, the preparation of various meals is intuitive, fast and always with a perfect result.

## Safety as a matter of course

So that you don't burn yourself unnecessarily with the hot air fryer ECG AF 4020 Compact Fry, its **handle is thermally insulated**. Another useful element are **non-slip mats**, which provide the appliances with the necessary stability. And of course, there is also **automatic shutdown** (after the end of the program or in case of careless removal of the container during operation) or a safety mechanism, thanks to which the fryer **will not start without a correctly inserted container**. The appliance works with an input of **1300 W** and is connected to a **standard socket** (voltage 220-240 V; 50/60 Hz). The length of the supply cable is **75 cm** sufficient.

## A reliable, stylish and compact addition to your kitchen

Compact design with dimensions **32.8 x 31.7 x 25 cm** and timeless design with **black-silver finish**. These are the features that make this air fryer an appliance that cannot be resisted at first glance. It will not take up too much space in your kitchen, and thanks to its elegant appearance, it will fit perfectly among other appliances and into any interior. However, the most important thing is of course its **reliability and great functionality** - whether you are preparing traditional fries, crispy meat, roasted vegetables or a sweet dessert, it will allow you to cook tasty, fast, healthy and without unnecessary effort.
