Homemade ice chips

The **FORZA 9800 Slushie & IceCream** ice maker will delight all lovers of refreshing drinks, not only in summer, but all year round. It will serve perfectly in the preparation of non-alcoholic drinks and mixed cocktails. Thanks to the **timer** with a setting of up to **12 hours**, you can prepare a refreshing drink exactly when it suits you. Just set the time and the maker will take care of everything else. The device weighs 11 kg, has a power of **200 W** and is equipped with a 100 cm long power cable. The location of the generator is therefore very easy and flexible.

Programs to choose from

The manufacturer offers a total of **7 automatic functions**, thanks to which you can easily prepare your favorite drink or dessert. With the program for **dried ice cream**, you can enjoy a soft and fluffy portion right at home. The **Slush** function is ideal for a refreshing ice slush, while the **Alcoholic slush** will delight adults with a drop of alcohol. If you're in the mood for a sweet treat, choose the **Milkshake** program, which conjures up a creamy drink made from milk or plant-based alternatives. Coffee lovers will appreciate the **Frappé** function, which prepares iced coffee like from a cafe in no time. A refreshing option full of vitamins is frozen fruit juice. And when you long for a simple cooling down, the Cold Drinks function will come in handy, keeping your drinks pleasantly cool.

Easy operation and cleaning

With a capacity of **1.8 liters**, you can prepare enough crushed ice or drinks for the whole family and guests. The maker is ideal for daily refreshment, but also for larger celebrations and gatherings. The transparent tank allows you to keep the preparation of crushed ice under control at all times. When serving, you will appreciate the practical handle with which you can comfortably pour the drink into glasses, mugs or bowls. The **Integrated cleaning** function ensures that your maker always remains hygienically clean. After use, just start the program and the appliance will be **automatically cleaned** without lengthy maintenance.
