Provides space for frozen food

Do you like to keep food supplies at home just in case? Then the chest freezer **ECG EFP 10991 WE** is made just for you. It provides plenty of space for various foods, from fruit and vegetables to ice cream, meat, fries, and frozen pizza. The appliance offers a net capacity of **99 liters**, and its interior is equipped with **one additional storage basket** in the freezer section for better organization. A practical advantage is also the temperature rise time of **17 hours**, so your food remains protected even during a short power outage.

Quiet and economical operation

The ECG EFP 10991 WE freezer operates with a maximum noise level of only **38 dB**, so it will not disturb you even if placed near living rooms. In terms of energy consumption, the appliance falls into **energy class E** and its annual consumption is approximately **169 kWh**, which ensures economical and efficient operation in everyday use.

Simple mechanical control

The temperature inside the freezer is set **mechanically using a rotary control**, which ensures simple, clear, and reliable operation without complex electronics. This model **does not offer a fast freezing function**, and is therefore designed as a practical and functional appliance for everyday household use. The appliance allows an easy mode switch **from freezing to cooling**, so it can be used as a freezer or as a refrigerator as needed.

A number of clever details

This countertop freezer will also win your sympathy with several useful details that make it easier to use. For convenient opening, a **recessed handle** is used, which is practical and elegant at the same time. The stability of the appliance on uneven surfaces is ensured by **height adjustment of the feet**, so it can be safely placed almost anywhere.

It will serve where needed

The ECG EFP 10991 WE counter freezer falls into the climate class **ST/N/SN/T**, so it can be used not only in the kitchen, but also in less heated rooms. The ambient temperature can range between **10 and 43 °C**. Thanks to its quiet operation and easy operation, it is suitable for both households and, for example, cottages or smaller businesses. The overall dimensions of the freezer are **85 cm in height and 54.7 cm in depth**, so it does not take up too much space and you can easily place it even in smaller spaces. The weight of the appliance is **18,22 kg**, which allows for relatively easy handling during installation or relocation.
