

ECG ERD 21433 WE

with freezer on top

Product code: 100002164730

EAN: 8592131001237

- Larger fridge at the bottom + smaller freezer with wire shelf at the top
- Refrigerator section with glass shelves, door compartments and vegetable drawer
- Super Freeze and Super Cool modes for quick freezing/cooling of larger quantities of food
- Automatic defrosting of the refrigerator section
- Total volume 204 liters

- 2 separate parts: refrigerator at the bottom and freezer at the top
- Standard freestanding design
- Total volume 204 liters
- Net volume of the refrigerator section 163 liters
- Net volume of the freezer section 41 liters
- Option to set the temperature in 4 stages
- Clear control panel with a single button and LEDs for easy temperature setting and display of the current cooling level
- Super Freeze and Super Cool modes for quickly freezing or cooling larger amounts of food
- Freezing capacity 2 kg / 24 h
- Climate class SN/ST/N (operating ambient temperature 10–38 °C)

- Modern LED interior lighting
- Recommended temperature in the refrigerator compartment +4 °C
- Recommended temperature in the freezer compartment –18 °C
- Refrigerator compartment divided by 3 glass shelves
- Fresh vegetable or fruit drawer
- 3 practical door compartments ideal for bottles and seasonings
- 1 wire shelf in the freezer compartment
- Standby mode with automatic switching off of cooling and lighting
- Automatic defrosting of the refrigerator compartment with an evaporation channel
- Manual defrosting of the freezer compartment including the included ice scraper

- Option to change the door opening direction for flexible placement
- Height-adjustable feet for perfect stability
- Neutral white design
- Recessed handle for easy opening
- Includes ice mold
- 1 integrated compressor
- Temperature rise time 8 hours
- Noise level 40 dB (noise class C)
- Energy class E
- Annual energy consumption 176 kWh
- Energy Efficiency Index (EEI) 99
- Dimensions 143 × 55 × 55 cm (h × w × d)
- Weight 37.5 kg

Product specifications

Categories	with freezer on top
Type	Free-standing
Cooling system	Statics
Total volume (l)	204
Net volume of the refrigerator (l)	163

Reliable refrigerator with a smaller freezer

The **ECG ERD 21433 WE** combined refrigerator is a compact freestanding appliance with a total capacity of **204 liters**. It features a larger refrigerator section at the bottom and a smaller freezer compartment at the top, giving you ample space for storing fresh food as well as frozen supplies – from meat and vegetables to ice cream. Thanks to its **optimal dimensions (143 × 55 × 55 cm)**, this fridge easily fits even into smaller kitchens. Its timeless **white design** makes it suitable for any interior. The **reversible door opening** option allows you to place the refrigerator exactly where you need it – further supported by **height-adjustable feet** that ensure perfect stability.

Thoughtfully arranged space

The refrigerator compartment with a volume of **163 liters**, featuring **3 glass shelves** and a special **fruit and vegetable drawer**, offers clear organization and easy access to all stored food. There are also **3 door compartments**, ideal for bottles or condiments. Of course, the interior is equipped with modern **LED lighting**, so you always have a perfect overview. The freezer section offers a volume of **41 liters** and for better organization it is fitted with a practical **wire shelf**. Among the advantages of the ECG ERD 21433 WE combined refrigerator are also the **Super Freeze** and **Super Cool** modes, which can freeze or cool newly stored food much faster (thus preserving its nutritional values). **The temperature can be set in 4 levels** and is easily controlled thanks to a clear **control panel with a simple button and LED indicators**.

Trouble-free operation

The refrigerator compartment of this appliance features **automatic defrosting**, so you don't have to worry about anything – the water drains into an evaporation channel and evaporates automatically. The freezer defrosting is manual (a practical ice scraper is included in the package). The refrigerator belongs to **energy class E**, consumes approximately **176 kWh** of energy per year, and operates **very quietly** – its noise level reaches only **40 dB**, so it does not significantly disturb normal household operation. If needed, you can also switch it to **standby mode** at any time – once activated, the refrigerator stops operating and the interior light automatically turns off.

He thinks of everything.

The ECG ERD 21433 WE refrigerator falls into **climate class SN/ST/N** (ambient temperature range 10–38 °C), so you can place it almost anywhere – in a regular household, at a cottage, or in less heated spaces. Easy opening is ensured by a **recessed handle**. You will also certainly appreciate the fact that the package includes a practical **ice cube tray**, ideal for preparing refreshing summer drinks.
