## For travel and small kitchens

The **ECG RK 510 Travel Lite** electric kettle is a practical companion wherever space is limited. Its compact **0.5 l capacity** is ideal for quickly preparing tea, coffee or instant soup, while the lightweight plastic body makes it suitable for the office, cottage or travelling. The package also includes **2 travel cups and teaspoons** stored directly inside the kettle.

## Easy everyday use

Preparing hot water is simple and clear. The kettle has a **water level indicator**, separate ON/OFF buttons and an **operation light indicator**, so you can always see when heating is in progress. The practical **70 cm cable** makes it easy to place on a kitchen counter or in a smaller space.

## Safety you can rely on

For everyday use, you will appreciate the **automatic switch-off** after boiling and the **overheating protection**. **Non-slip feet** help keep the kettle stable on the worktop, while the well-fitted lid supports safer pouring of hot water.

## Simple maintenance and fresh design

The kettle is equipped with a **concealed heating element**, which makes maintenance of the inner container easier. The blue plastic finish looks fresh and the smooth surface is easy to wipe clean. In short, it is a small but handy appliance for moments when you want hot water quickly at hand.
