ECG HS 6000AI Sonica Moonstone

Hair dryer

Product code: K00000278846
EAN: 8592131002111

- Fast drying thanks to sonic technology, powerful motor and fast air flow
- An ion generator that eliminates static electricity and adds shine to hair
- Possibility of individual setting using 5 temperature modes and 2 speeds
- Precise shaping of the hairstyle by means of a magnetic concentrator or diffuser
- Comfortable and safe use thanks to ergonomic design and low weight
- Color metallic gray

- Sonic technology with which hair drying is fast, efficient, even, gentle and also quieter
- Powerful BLDC motor with a speed of up to 110,000 revolutions per minute
- Extra high air flow speed (up to 23 m/s)
- 5 modes – temperature 35-95 °C + intelligent cyclic program with automatic alternation of hot and cold air (after approx. 3-5 seconds)
- 2 selectable airflow speeds
- Low propagation of electromagnetic radiation
- Integrated negative ion generator that can release up to 200 million ions, reducing static electricity (for shinier, healthier hair)
- Magnetic concentrator that enables precise shaping of the hairstyle
- Magnetic diffuser to help you dry curly and wavy hair faster (without straightening)
- Possibility of fixing the hairstyle with cold air
- Modern digital display
- Color LED indicator in a stylish circular design that informs you of the currently selected temperature
- Surprisingly quiet operation
- Power 1600 W
- Ergonomic hammer shape
- Air intake designed to prevent hair or fibers (e.g. from clothing) from getting caught in the fan
- Rubberized silicone power cable (length 170 cm) with a practical tightening tape
- Safety protection against overheating
- Elegant blue finish
- Nominal voltage 220-240 V (50-60 Hz)
- Luxury travel case (ecologically processed) with a handy compartment for other essentials included in the basic package

Technical specification

Input power (W)	1600
Power supply	Cord
Power cord length (cm)	165

Product specification

WEIGHT WITH PACKAGING (KG)	1,49

Fast and gentle drying for healthy and shiny hair

ECG HS 6000AI Sonica Moonstone is a premium sonic hair dryer that brings the professional care of expensive salons right into your home. Thanks to a modern **brushless BLDC motor** with a speed of up to **110,000 revolutions per minute** and a high air flow speed of **23 m/s**, it will dry your hair in a few moments. In addition, advanced **sonic technology**, which also has the advantage of **minimum noise**, guarantees exceptionally efficient and quick drying.

Maximum protection and shine thanks to ion technology

The built-in ion generator produces up to 200 million negative ions. At the same time, they eliminate static electricity and lock moisture inside the hair, thus promoting its natural shine and softness. Your hair will be smooth, easy to comb and free of unwanted frizz after each drying. In addition, ionization helps protect the hair structure from damage and keeps the hair healthy and hydrated.

Individual settings for any hairstyle

The ECG HS 6000AI Sonica Moonstone hairdryer offers **four temperature modes** – from cold air for fine and sensitive hair to extra warm mode for thicker hair. The **smart cycle program**, which alternates temperatures for maximum gentle and even drying, is also practical. In order to be able to precisely adapt the drying to your needs or hair type, you also have **two air flow speeds** at your disposal. A modern **digital display** in cooperation with a stylish **color LED temperature indicator**, which has the form of a circular ring, informs you about the current setting.

Precise styling and easy handling

In addition to the hair dryer itself, the package also includes a **magnetic concentrator**, which you simply put on and thus ensure the precise direction of the air flow - ideal for detailed styling and shaping of the hairstyle. In addition to it, you can also use a **magnetic diffuser**, which in turn will help you dry curly and wavy hair faster without losing your favorite curls. Comfortable and safe use of the hair dryer is ensured thanks to its **ergonomic hammer shape**, **low weight**, durable **rubberized silicone power cable** and possibly **protection against overheating**. **The control is intuitive**, so even less experienced users can easily handle it.

An elegant helper at home and on the go

Thanks to the **elegant gray finish**, this hair dryer will become a decoration of any bathroom. In addition, you will find a **luxury travel case** in the package, thanks to which you can take your sonic hair dryer with you anywhere. In short, ECG HS 6000AI Sonica Moonstone provides you with professional hair care, whenever and wherever you need it.
