

ECG MK 12000 Wifi

Air conditioner

Product code: K00000271366
EAN: 8592131001251

- Effective cooling of rooms up to 105 m²
- Practical additional fan and dehumidifier functions
- Wi-Fi connection and mobile app control
- Timer with delayed start and automatic shut-off settings
- Energy class A

- Effective cooling of a room up to 105 m²
- Adjustable temperature in the range of 17–30 °C
- Cooling capacity 12,000 BTU/h
- Cooling capacity 3520 W
- 3 functions in 1: cooling, fan and dehumidification
- 3 fan speeds for better adaptation of performance to current conditions
- Timer with the option of delayed start and automatic shutdown from 0 to 24 hours
- Easy operation using a clear control panel with buttons and display
- Remote control included for more convenient use
- 2.4 GHz Wi-Fi technology for wireless network connection
- Control via SmartLife mobile app
- Compatibility with iOS 9.0 and Android 6.0 or later operating systems
- Support for WEP, WPA, WPA2, WPA3, AES and TKIP Wi-Fi network security
- Remote control via mobile phone for several family members
- Automatic water evaporation system for higher cooling efficiency and energy saving
- Full water tank indicator
- Washable antibacterial filter
- Practical handle and wheels for easy movement
- Energy class A
- Maximum extended exhaust hose length 1.5 m
- Minimum exhaust hose length 0.5 m
- Suitable for installation, operation and storage in a room with a floor area of over 12 m²
- Noise level 65 dB(A)
- Rated power input 1350 W
- Power supply from a standard socket 220–240 V / 50 Hz
- Rated current 7.0 A
- Air flow 440 m³/h
- R290 refrigerant with 240 g charge
- A more environmentally friendly refrigerant
- Output pressure 2.8 MPa
- Suction pressure 0.8 MPa
- Maximum permitted low pressure 1.3 MPa
- Maximum permitted high pressure 3.8 MPa
- Neutral white design suitable for any interior
- Dimensions 365 × 745 × 320 mm
- Weight 26.5 kg

Technical specification

Input power (W)	1350
Power input cooling	3520
Voltage/Frequency (V/Hz)	220-240 ~ 50/60
Power supply	Cord
Power cord length (cm)	180
Nise level (dB)	65
Fuse	Yes
Type	Mobile air condition
Cooling	12000Btu/h

Product specification

Heating	No
Suitable for room size (m2)	105
Washable Antibacterial. filter	Yes
Temperature setting	Thermostat 17-30°C
Fan speed	3
Timer	Yes
Temperature display	Yes
Time display	Yes
Water Full container indicator	Yes
Automatic oscillation dampers	No
Auto cleaning	A
Energy efficiency class (kWh)	1.3
Power consumption (W)	1350

Design

Color combination	White

Weight & dimensions

WIDTH (MM)	310
HEIGHT (MM)	746
LENGTH (MM)	360
WEIGHT (KG)	26.92

Weight & dimensions (Brutto)

WIDTH WITH PACKAGING (MM)	440
HEIGHT WITH PACKAGING (MM)	880
DEPTH WITH PACKAGING (MM)	480
WEIGHT WITH PACKAGING (KG)	31,27

The heat doesn't stand a chance.

ECG MK 12000 Wifi is a portable air conditioner capable of efficiently cooling any room up to **105 m²**. Whether it is a living room, bedroom, or office, its cooling performance of **12,000 BTU/h** and capacity of **3520 W** ensure a much more comfortable environment during hot summer days. In addition to cooling, this appliance also offers **fan and dehumidifier functions**, making it useful in many other situations. You will also appreciate its easy operation, including a clear control panel with **buttons and display**, a **remote control**, and **Wi-Fi connectivity with a mobile app**. The unit is powered from a **standard power outlet** and belongs to **energy class A**. It features a neutral **white design** and measures **365 × 745 × 320 mm**.

More modes, less worries

The ECG MK 12000 Wifi air conditioner is a multifunctional appliance designed to serve you perfectly in a wide range of situations. First and foremost, it can **cool a room**, while allowing you to **set the ideal temperature** yourself (within a range of **17–30 °C**). When the indoor air feels stuffy, it can also work as a **fan with three selectable speeds**. And in case of increased humidity, it can be used as a **dehumidifier** as well. Also practical is the **timer** with the option of **delayed start and automatic shut-off** (from 0 to 24 hours). Thanks to this feature, you can prepare the appliance in advance or let it run only for the necessary amount of time. In practice, this means more convenient operation and better control of energy consumption.

Beat the heat with your mobile phone

A major advantage of this portable air conditioner is its **Wi-Fi** connectivity and the ability to control it via the **SmartLife mobile app**. The app is compatible with **iOS 9.0+ and Android 6.0+**, making it easy to install on most common smartphones. This allows you to keep the room climate under control even when you are away from home – for example, you can cool the room before returning from work. Security protocols such as WEP, WPA, WPA2, WPA3, AES, and TKIP are also supported. Another practical benefit is that multiple family members can control the air conditioner using their smartphones.

Thought out to the last detail

This portable air conditioner uses **R290 refrigerant**, which is environmentally friendly. The ECG MK 12000 Wifi also features an **automatic water evaporation system**, which improves cooling efficiency while helping to save energy. Reliable operation and easy maintenance are further supported by a **washable antibacterial filter** and a **full water tank indicator**. Easy mobility is ensured by **castor wheels** and a **carry handle**.
