

ECG MK 7000 Wifi

Air conditioner

Product code: K00000271363
EAN: 8592131001268

- Cooling capacity 2.1 kW
- Energy class A
- Wi-Fi control
- Refrigerant R290
- Noise level 65 dB

- Mobile air conditioner ECG MK 7000 Wifi for pleasant cooling during hot summer days
- Cooling capacity 2.1 kW suitable for quickly improving temperature comfort in smaller rooms
- Wi-Fi version for modern and more convenient use of the air conditioner
- Energy class A for more economical operation during regular cooling
- Cooling factor EER 2.6 for effective interior cooling
- Energy consumption 0.8 kWh for 60 minutes of operation in cooling mode
- Pleasant cooling for the home, office, study, bedroom or cottage
- Mobile solution suitable where a fixed air conditioning installation
- A practical helper for seasonal use during warm months
- Acoustic power level in cooling mode 65 dB
- R290 refrigerant with low global warming potential
- A more environmentally friendly natural refrigerant
- Efficient operation to create a more pleasant indoor climate
- Compact solution for apartments, offices and recreational facilities
- A suitable choice for rooms where flexible cooling is needed without structural modifications
- Dimensions 370 × 690 × 350 mm

Technical specification

Input power (W)	800
Power input cooling	2050
Voltage/Frequency (V/Hz)	220-240 ~ 50/60
Power supply	Cord
Power cord length (cm)	180
Nise level (dB)	65
Fuse	Yes
Type	Mobile air condition
Cooling	7000Btu/h

Product specification

Heating	No
Suitable for room size (m2)	60
Washable Antibacterial. filter	Yes
Temperature setting	17-30°C
Fan speed	2
Timer	Yes
Temperature display	Yes
Time display	Yes
Water Full container indicator	Yes
Automatic oscillation dampers	No
Auto cleaning	A
Energy efficiency class (kWh)	1,0kWh/60mi
Power consumption (W)	785

Design

Color combination	White

Weight & dimensions

WIDTH (MM)	300
HEIGHT (MM)	673
LENGTH (MM)	303
WEIGHT (KG)	18.38

Weight & dimensions (Brutto)

WIDTH WITH PACKAGING (MM)	330
HEIGHT WITH PACKAGING (MM)	875
DEPTH WITH PACKAGING (MM)	380
WEIGHT WITH PACKAGING (KG)	22,37

Pleasant cooling exactly where you need it

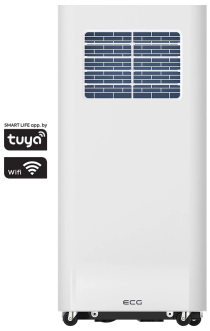

The **ECG MK 7000 Wifi** portable air conditioner is a practical solution for hot summer days when you want to quickly improve the indoor climate without complicated installation. Thanks to its **2.1 kW cooling capacity**, it helps create a more comfortable environment in a bedroom, study, office, living room, or cottage. It is ideal wherever a standard fan is not enough and where you need true **active air cooling**.

Economical operation in energy class A

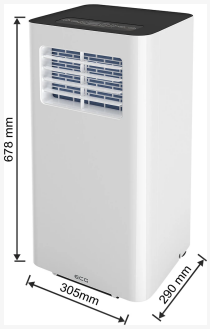

A major advantage of this model is its **A energy efficiency class**, which helps keep operating costs under control even with regular use during the warmer months. The air conditioner achieves an **EER of 2.6**, while its energy consumption in cooling mode is **0.8 kWh per 60 minutes**. This makes it a suitable choice for customers who want effective cooling while also paying attention to energy consumption.

Modern Wi-Fi control for greater convenience

The model name **Wifi** clearly highlights one of its main advantages – a more modern and convenient way of use. This allows you to have the air conditioner ready exactly according to your needs and use it as a flexible seasonal solution for various rooms. Its portable design is especially beneficial in apartments, rental properties, offices, or holiday homes, where you do not want to deal with construction work or permanent installation.

Modern R290 refrigerant and practical mobile solutions

The air conditioner uses **R290 refrigerant**, which has a low global warming potential and is considered one of the more modern solutions for home cooling. The appliance offers a practical combination of **efficient cooling**, portable use, and a favorable energy efficiency rating. This makes it a suitable choice for anyone who wants to quickly create a more comfortable environment at home, at work, or in a holiday cottage during the summer.
