Professional performance

The **ECG VV 3121 Professional** hair dryer in purple finish will stand out in any bathroom. With power of **2100 W** quickly dried hair is a matter of course and you can easily achieve professional results.

The power cord is **2.3 meters** long, therefore you can enjoy total freedom of movement and avoid constant looking for the nearest electrical outlet.

Ergonomically shaped handle allows for an easy grip and allows you to hold the device comfortably in your hand.

Beautiful and healthy hair

With the ECG VV 3121 Professional hair dryer, you set the intensity and temperature of the airflow, exactly according to your needs. You can choose from **3 temperature levels** and **2 power levels**.

During drying, negatively charged ions are formed, which reduce the occurrence of static electricity, so you do not have to worry about unwanted hair frizz. Healthy-looking and hydrated hair will become a matter of course with the **ionization function**.

With the pressing of a single button you can start the **cold air function**, which is great for fixing the created hairstyle.

Pleasing accessories

The ECG VV 3121 Professional hair dryer offers two different attachments. **Diffuser** will be certainly appreciated by the owners of wavy and curly hair. The narrow **concentrator** allows you to precisely direct the airflow and create the hairstyle you want in no time.

A **practical hanging loop** will come in handy during use and storage. The **safety fuse** provides protection against overheating.

A **travel case** is also one of the accessories.
