Music and Spoken Word Under One Roof

The **ECG B.BOLD 7200 INTERO** is a versatile device that will be loved by every member of your family. It covers everything related to music and spoken word in your home. Through it, you can listen to thousands of **classic and internet radio stations**. It also supports wireless BT transmission, so you can stream music, podcasts, or audiobooks from your smartphone to it. And as if that weren't enough, it also features a **CD player** and allows you to listen to audio content from a **USB** flash drive or a memory **microSD** card. It also has a **3.5mm jack input** for connecting an audio source with a cable or support for **UPnP** and **DLNA** technologies for network streaming. You will also love this device for its construction. It boasts a high-quality **wooden construction** and a **stylish design** that will blend perfectly with any interior. In this variant, it comes in an elegant **black finish**.

Thousands and Thousands of Radios

With this device, everyone can tune in to their favorite radio station. The ECG B.BOLD 7200 INTERO features a **digital tuner** that can handle both the traditional **FM** band and the modern **DAB+** radio standard. In addition, it's equipped with a **Wi-Fi** module that opens the door to thousands of **internet radio** stations from around the world. If you enjoy listening to the radio, you'll also appreciate the integrated memory, where you can store up to **150 stations**.

Treat Yourself to a Stereo Experience

This radio comes equipped with built-in **stereo speakers** boasting a total output of **2x 10 W (RMS)**. Whether you're listening to internet radio, music from a CD, or a podcast from your smartphone, you can expect excellent sound quality. Furthermore, the device offers a **3.5mm line output**, allowing you to connect external speakers if desired. And if you enjoy listening in private, you'll be pleased to find a **3.5mm stereo headphone jack** conveniently located on the front panel. Whether you're listening to internet radio, music from a CD, or a podcast from your smartphone, you can expect excellent sound quality.

Color Display and Remote Control

Operating the versatile ECG B.BOLD 7200 INTERO radio is a breeze. The device is equipped with a **set of clear buttons** and **rotary knobs**, features a **2.8" color TFT display**, and also comes with a practical **remote control**.

Alarm Clock and Timer as a Bonus

Because this device also offers an alarm **clock** and a **timer**, you can use it to wake up and fall asleep. Before going to sleep, you have the option to listen to the radio and rely on the device to automatically turn off after the set time has elapsed. In the morning, you can be awakened by either a **classic alarm** or the **broadcast** of your favorite radio station. The alarm clock function also allows for setting **two different wake-up times**, so it can wake you and your partner up if needed. The **countdown timer** is also practical, ensuring you don't lose track of time. It will alert you when the set time has passed.
